

MHT-CET Syllabus (PCM / PCB)

MasterMan • Free Education for All

MHT-CET is conducted by the State CET Cell, Maharashtra for admission to engineering (PCM) and pharmacy/allied (PCB) programmes.

Weightage & pattern

- Approximately 80% of questions are from the Standard XII syllabus and 20% from Standard XI.
- PCM group: Physics, Chemistry, Mathematics. PCB group: Physics, Chemistry, Biology.
- Mathematics questions carry 2 marks each; Physics/Chemistry/Biology carry 1 mark each.
- There is NO negative marking — attempt every question.
- Computer-based test (CBT). Confirm the current-year duration and marks on the CET Cell portal.

Subjects covered

Physics

- Full Std XI + Std XII Physics (see the Class 11 & 12 syllabus PDFs).

Chemistry

- Full Std XI + Std XII Chemistry (Physical, Inorganic and Organic).

Mathematics (PCM)

- Full Std XI + Std XII Mathematics.

Biology (PCB)

- Full Std XI + Std XII Biology (Botany and Zoology).

Always verify the latest syllabus, brochure and dates on the official CET Cell portal: cetcell.mahacet.org.
